Detached garage/workshop

This home is a brick ranch on a large corner lot on the edge of town. It has a 1668 square foot home with a large patio and a extra large garage/workshop that is detached. The home has an attached garage, 4 bedrooms with closets (4th bedroom could be office or business with own entrance), 1 1/2 baths with the main bath being totally redone, living room, dining room area, kitchen with appliances, and a entry and large utility room. There is a full basement that is unfinished but with tall ceilings. Nice property.
